Online Proctoring: Next-Gen Security & Performance

Key Benefits:

Accelerate your program with Kryterion's online proctoring (OLP) technology, powered by our **cloud-based Webassessor™ platform**.

Kryterion pioneered OLP with secure browser technology. Today, it remains an industry leader in OLP innovation and services.

✓ **24/7 Global Support:** Proctors from the U.S., Philippines, South Africa, and Japan provide seamless constant support. Geographic dispersion supports reliability.

✓ **Multi-factor Security:** Human-first proctoring, AI-assisted authentication, Secure Browser, dual camera proctoring, watermarking, and more.

Why Build Your Solution with Kryterion?

We are fully committed to your candidates' experience and your program's success.

➤ All proctors and support advocates complete 140 hours of training with monthly quality audits.

➤ Test sponsors can provide a "Take Your Exam Now" option for candidate convenience.

➤ Proctors can reconnect many lost test sessions without a relaunch.

➤ Candidates can request technical support at any point during the exam.

➤ Video and audio recorded test sessions for review.
